

Jimmy Voytek Sings In Largo Show Tonight

RCA Victor recording star Jimmy Voytek will share a twin billing with St. Petersburg's "Tru-Tones" Tuesday night at the Largo Municipal Auditorium.

Currently a leading attraction in Miami, Voytek will fly in Tuesday for the one-night stand.

The young singer only a year ago won a local talent show and then climbed into the national spot-light with his version of "Dreamy Eyes."

The Largo dance is sponsored by a group of teen-agers headed by Mike Schultz, president, and Ron Lowe, vice-president.

According to Lowe, his group plans to bring in "some of the biggest names in show business."

The dance is supervised by adults and admission is 75 cents. The affair starts at 8 p.m. and ends at midnight.

Plastic Replaces Some Chrome On 1960 Cars

By SCIENCE SERVICE

DETROIT — Metal-plated plastic — lighter, brighter, and cheaper than chrome — will be used on some 1960 model automobiles, the National Research Corporation has announced. The plastic is coated with aluminum that has been vaporized by heat in vacuum.

The aluminum vapors condense on the cold plastic, much like
